Subject: Microsoft Settlement

To whom who may concern,

I would like to express my opposition of the proposed Microsoft Antitrust Settlement in its current form.

Based on previous court rulings, it clear that Microsoft had violated antitrust laws and has been continuing to do so. The current proposed settlement not only fails to punish Microsoft's wrongdoing, but also provides Microsoft further its monopoly and antitrust practice.

I wish the court would carefully review the case and place put a penalty that is fair for the consumers and industry suffered by the Microsoft monopoly practice.

Sincerely,

Rick K. Wong
California
